

Benefits of Affiliate Forum Committee Membership

As Preferred REALTOR® Partners, we strive to provide the best services, events, and industry information for MetroTex members.

As an Affiliate Member of Association you receive many of the same benefits and privileges of REALTOR® members.

This includes **member discounts** for REALTOR® Store purchases, Business Solutions, and educational offerings.

You will especially enjoy the **MLS Area Tour meetings**, where REALTOR® and Affiliate members meet to network, and hear community and industry related updates. ([More information on the MLS Area Tour meetings](#))

Industry professionals related to the real estate transaction and those who have an interest in the challenges of the real estate transaction meet together monthly to discuss industry issues and to provide solutions to those issues.

The Affiliate Forum Committee provides educational programs, and much more for MetroTex members. Affiliate Forum Committee members represent: mortgage lenders, title company representatives, appraisers, inspectors, home warranty companies, etc. The committee sponsors events during the year offered to the MetroTex membership now at 19,000.

As a member of the **Affiliate Forum Committee**, not only do you get to get to participate in many programs and services, you also have access to many advertising opportunities.

For instance, in addition to planning the **Industry Updates**, **Affiliate Forum Committee** members may opt to advertise at these events; similarly, each month at the Affiliate Forum Committee meeting, members of the **Affiliate Forum Committee** are provided a list of **advertising opportunities** for which they can sign up for the following month. (This is a list of classes for which refreshments are provided).

Be assured that your membership on the **Affiliate Forum Committee** helps to educate REALTORS® and Affiliates alike, as well as promotes the awareness of MetroTex Affiliates.

Additionally, your membership with the Association and your service on this committee, distinguish you as being among those who strive to ensure integrity and professionalism in real estate and its related industries.
